

Newsletter February 2020

Green room activities and news

Love was in the air in February, when the Caterpillars made clay heart decorations, cards, talked about who they loved and sang 'I love you, you love me'. For technology week they have been building junk model robots, using a camera or tablet to take photos, playing with remote control robots and cars and using recording microphones. We have been looking at transport and mark making with cars and trains, decorating spaceships and making junk models of helicopters. We have also been discussing where we come from and have been painting flags, bringing in show and tell from home, doing world map puzzles and matching animals with their country. On Shrove Tuesday we had flipping pancake races and filled our own pancakes.

Busy Bees activities and news

Health has been a major topic this month with the Busy Bees, we have been talking about what happens to our heart when we exercise. We had a visit from Leo's grandad who is a doctor and he brought in a stethoscope, so the children could listen to each other's hearts. We have also been talking about healthy food choices and have made some vegetable soup and a fruit smoothie. For Valentine's day we made hearts out of clay and cards for our parents.

Yellow room activities and news

There has been a lot of fun happening in the Yellow Room, we have been making clay gardens where we used lots of natural resources such as sticks and flower petals. We have been sticking on a large scale, using different resources such as feathers, glitter, shredded paper and tissue paper. We made Valentine's day cards and cupcakes. We have been attempting to hang clothes onto our new washing line and pretend to wash our clothes. We have been enjoying singing '5 little men in a flying saucer' and using the props, exploring the textured obstacle course with our hands and feet, practising our balancing skills and using the balancing beam board and making own paper plate pancakes for Shrove Tuesday.

Other news

- Please note that the nursery has an Inset day on Tuesday 10th March, therefore the nursery is closed.
- World Book Day is on Thursday 5th March
- Mother's Day is on Sunday 22nd March
- There is a new Caterpillar's information board outside the green room, for updates, topics, activities and other developments in the green room.
